MLF Biotech, Inc.®
Improving Health and Food Safety, Naturally™

Sample Submission Form | **Sample Results To:**

Customer Name:

Address:

Sample Lab Log No. (for lab use only)	Date of Sample	Company Number or Sample Code	Sample Description	SCORE	Date Sample Tested

Cytotoxicity Score Interpretation :

The samples will be scored on a scale from 1 to 8. A score of 3 or less indicates a low level cytotoxicity response. Scores of 4 or above may indicate the presence of toxins from chemical or biological origin which could suppress growth rate and/or affect animal health. MLF Biotech suggest further testing with formulations used that are specific to species size and health. Please consult your veterinarian, nutritionist, or other qualified technical personnel for their interpretation and application of these test results.

Waiver of Liability:

MLF Biotech, Inc. makes no analysis or interpretation beyond reporting test results, and bears no liability for subsequent actions and decisions made by the customer or their affiliates from their interpretation of said results. In addition, MLF Biotech, Inc. has the right to refuse improperly prepared, labeled, or shipped samples that may compromise biosecurity, trace ability, or test quality. MLF Biotech, Inc. is not responsible for retaining samples more than 30 days after testing, unless otherwise requested in prior writing by the sample provider.
